

Why work with MEPSCo?

Through working in the industry and growing pains, I have developed my GAMP process and documents to partner with manufacturing companies and automation vendors in developing and delivering the desired outcome, on-time and on-budget with minimal or no change orders.

This plan has been tested on many projects as a reproducible and reliable system.

Lori Yaphe-Delisle
President, Tourmaline Enterprises

"Reza is an innovative problem solver who is always in forward motion. He seeks the right solution by looking at the overall big picture as well as the challenge at hand. I believe American manufacturing needs more people like Reza Bashar."

Dave Carlberg
Cofounder, Kinematic Automation, Inc.

"Reza's deep knowledge and understanding of Automation and GAMP guidelines is also a significant benefit that he brings to the process."

Reza Bashar received his BS in Mechanical Engineering from the University of Arizona. He has over 35 years of experience as a Mechanical Engineer, including 4 years as an Imagineer for Disney and 23 years as a Manufacturing Engineer.

Assembly

- Parts handling
- Web handling
- Leak detection
- Vision inspection
- Cutting / Punching
- Welding technologies

Filling lines

- Parts handling
- Fill / Capping / Torque
- Pumping technologies
- Vision inspection
- Data acquisition
- Reports

Labeling

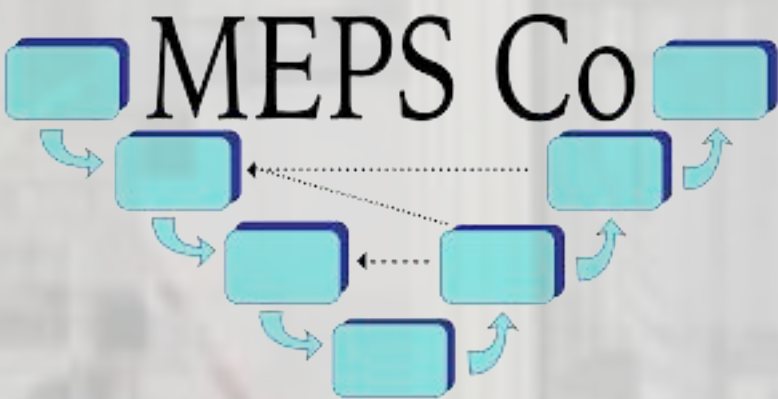

- Peel & Place
- Printing
- Inspection
- Backing cut and disposal

Process Development

- Process Skids
- Suspensions
- POP / POC
- Prototyping
- Fill studies
- Process development

Lyophilized Bead Manufacturing

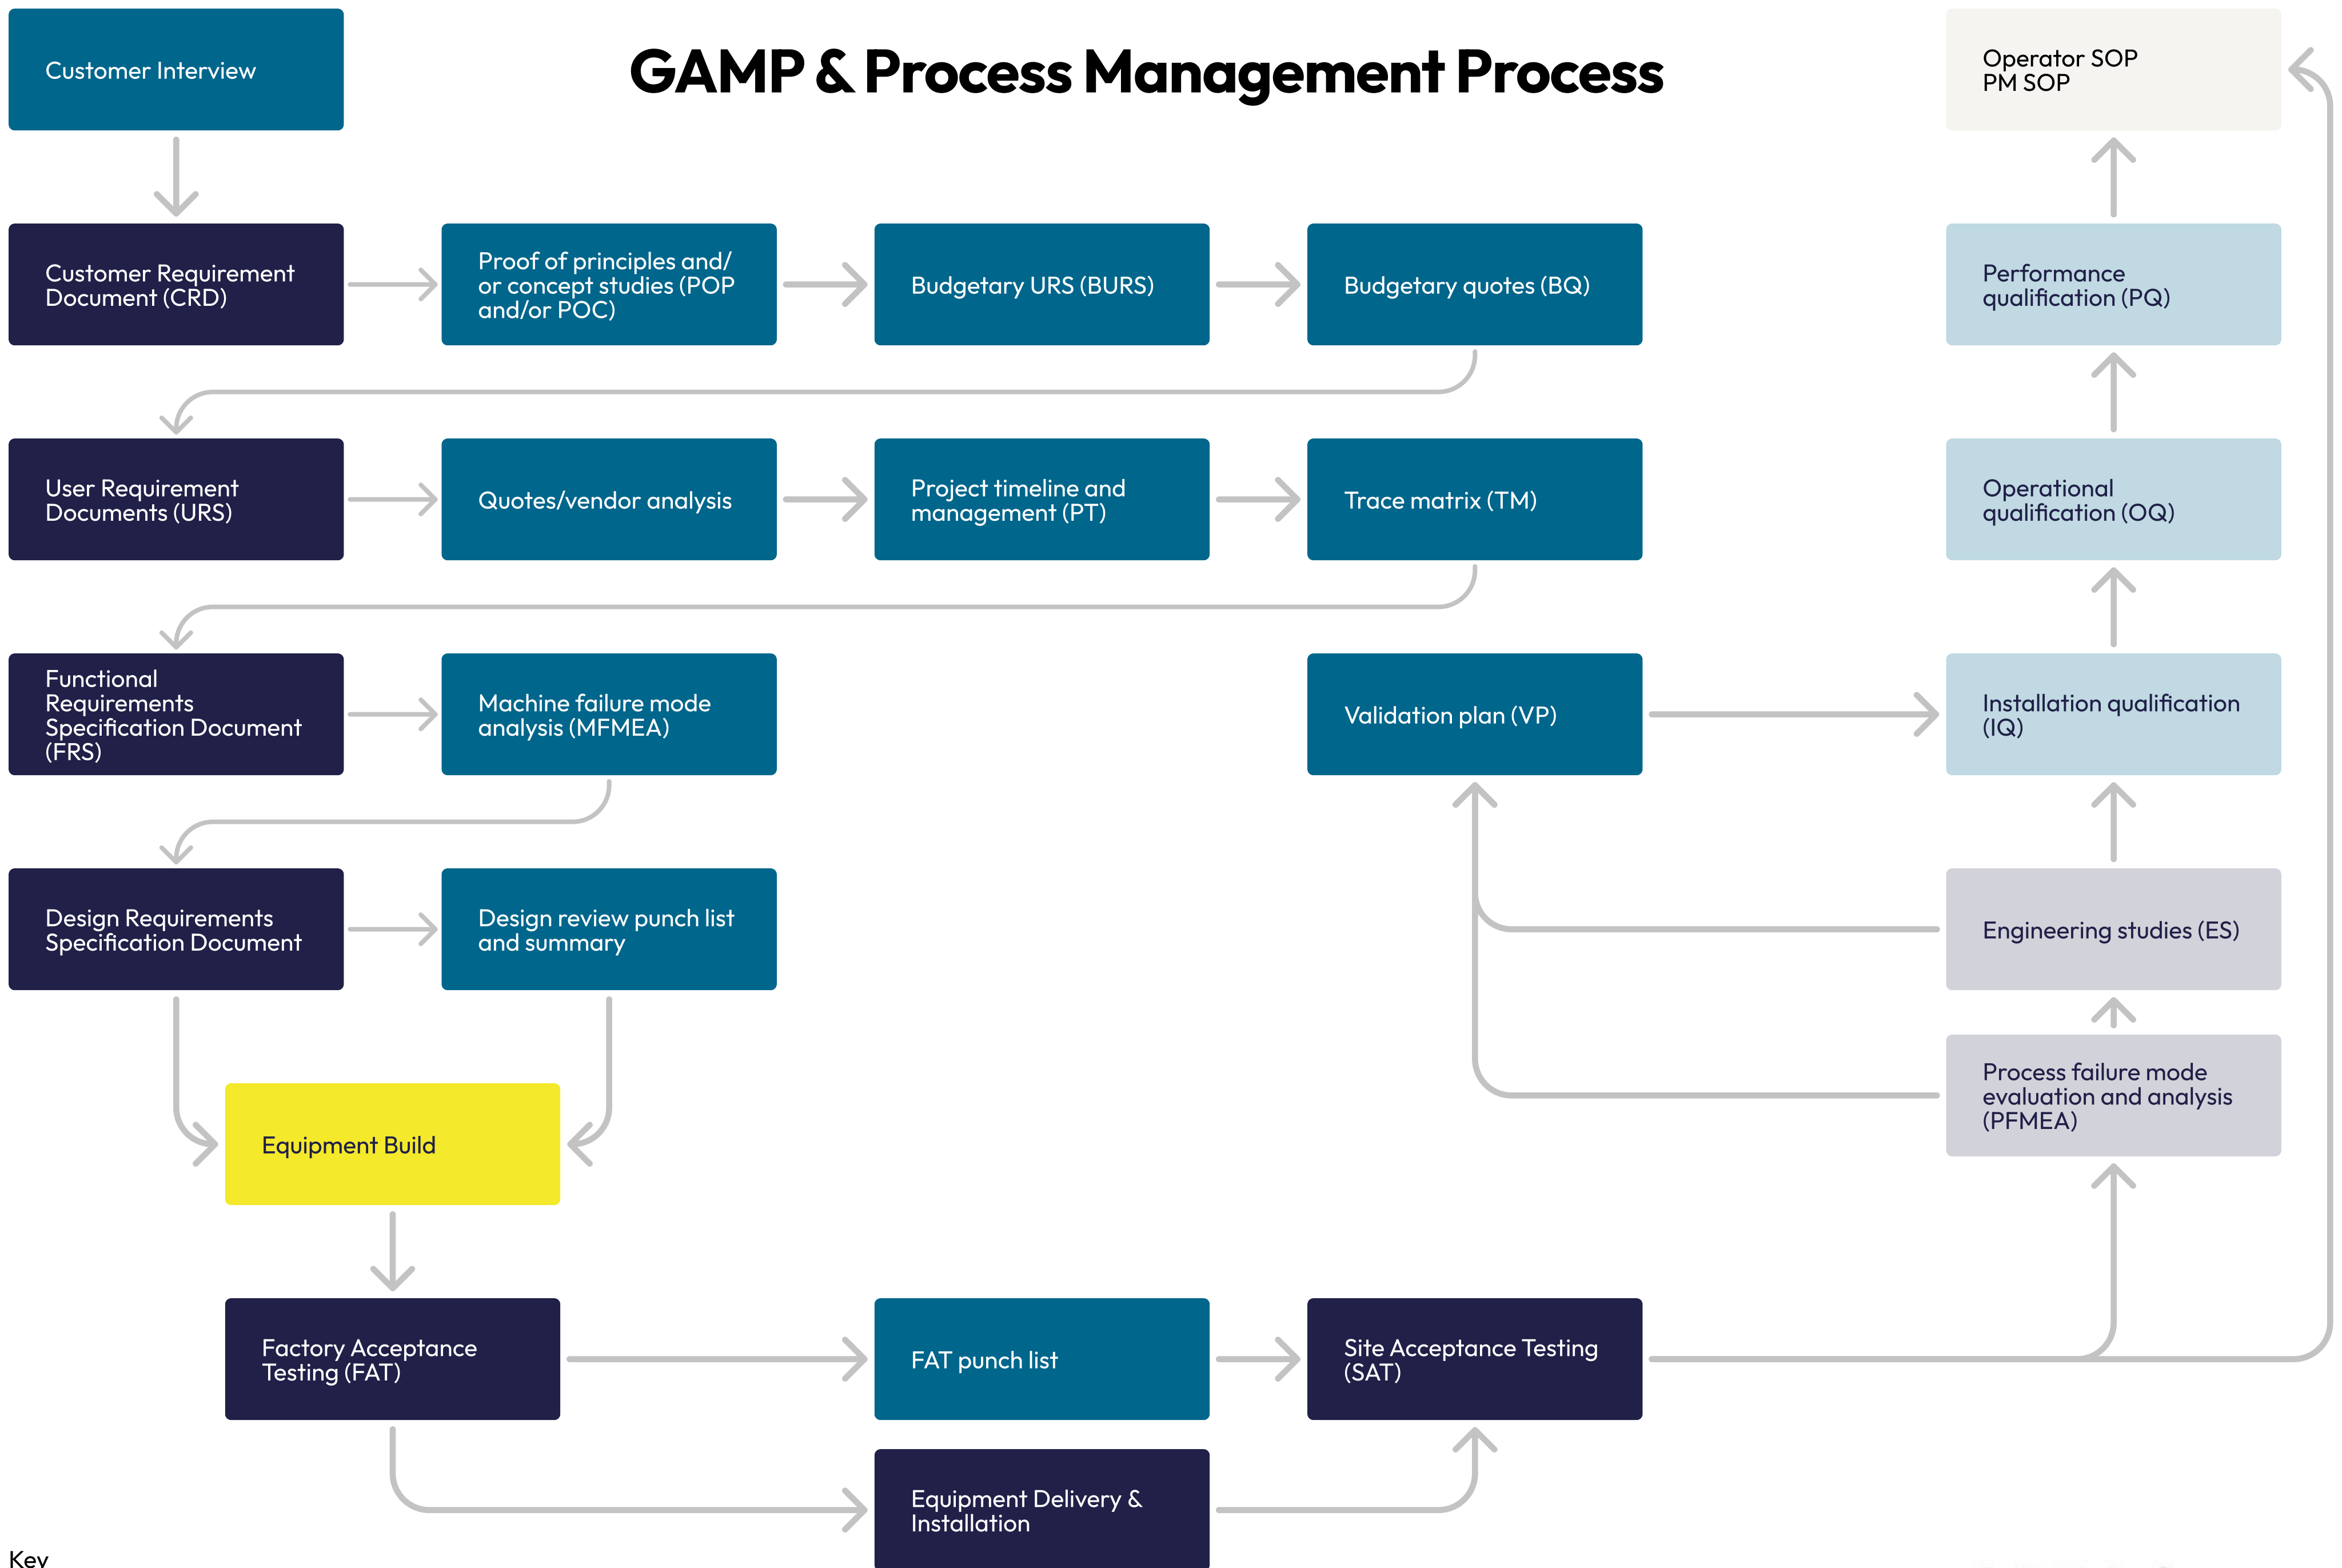

- Small scale manufacturing
- Large scale manufacturing
- Bead handling
- Cartridge filling
- Auto fill LN2
